Course Descriptions

These two Live Online MSHA courses provide safety training requirements to meet New Miner, Experienced Miner and Annual Refresher as required for independent contractors and grantees in metal/non-metal surface mines. New Miner and Experienced Miner courses will be required to receive a mine/site tour before the participants MSHA 5000-23 Form can be completed and before the employee can work at an MSHA regulated site or mine (Sept. 2017) as part of the required "Introduction to Work Environment." In addition, Lake Superior College (LSC) can provide MSHA training to sand and gravel operations for those companies that incorporate Lake Superior Colleges training tasks within their own MSHA submitted training plan. Call Continuing Education & Customized Training at 218-733-7680 with questions you may have about this course.

Tax Deductibility Notice

Classes may be tax deductible under Hope Scholarship and Life-Long Learning tax laws. Your social security number must be provided to claim either of these deductions. Many colleges/universities use social security numbers for student identification purposes on student records. Providing your social security number, birth date, gender, and ethnic background is voluntary. If you do not provide this information, your application will still be processed. This data is requested for purposes of administration, program evaluation, and consumer and alumni data. The data may also be used to create summary information about MNSCU programs through data matches with other state agencies.
